

**PLEASE PASS TO YOUR
ELECTRICAL
DESIGN DEPT.**

Dear Customer

Welcome to our August bulletin.

This month I am pleased to welcome two new members of staff to the Company.

Mr. Phil Smith joins as Field Sales Engineer for the North West area. Phil previously covered the same area for GE power Controls Ltd. He replaces Mark Robinson who unfortunately has still not recovered from his illness.

Mr. Micheal Graham joins as an Internal Sales Engineer. Micheal has just successfully completed his degree in marketing at the Anglian Polytechnic University.

I wish them both a long and successful career with the company.

Yours sincerely

Gary Brookes
Managing Director

PRODUCT FOCUS

THE PRODUCT

This month we highlight our new range of current and voltage transducers. These products replace the previous D4 series. They offer reduced enclosure size (35.6mm wide), selectable outputs via dip switches and very competitive prices.

VERSIONS

Model TM2I (Current)

- Input : -/1A or -/5A (specify)
- Output : 5mA, 10mA, 20mA, 5V, 10V dc (specify)
- No auxiliary voltage necessary

Model TM3I (Current)

- Input : -/1A or -/5A (specify)
- Output : 5mA, 10mA, 20mA, 4-20mA, 5V, 10V, 2-10V dc (selectable via dip switches)
- Auxiliary Voltage : 24Vdc, 115Vac or 230Vac (specify)

Model TM2U (Voltage)

- Input : 100V, 250V, 400V, 500V ac (specify)
- Output : 5mA, 10mA, 20mA, 5V, 10V dc (specify)
- No auxiliary voltage necessary

Model TM3U (Voltage)

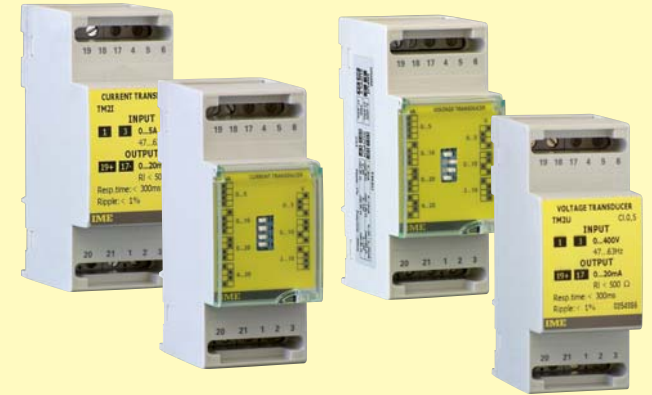

- Input : 100V, 250V, 400V, 500V ac (specify)
- Output : 5mA, 10mA, 20mA, 4-20mA, 5V, 10V, 2-10V dc (selectable via dip switches)
- Auxiliary Voltage : 24Vdc, 115Vac or 230Vac (specify)

SPECIFICATION

Please see pages 92 or 93 of our 2003 catalogue or request data sheets RI05023 or RI05028. (Also available in our "Download Files" area on our website).

DELIVERY

Available Ex Stock.

PRICES

TM2I	£49.28*	TM2U	£49.28*
TM3I	£82.13*(1)	TM3U	£82.13*(1)

(1) 24Vdc auxiliary additional price £30.35 each.

* Discounts available for quantity or regular orders.
