

**PLEASE PASS TO YOUR  
ELECTRICAL  
DESIGN DEPT.**

Dear Customer

Welcome to our November bulletin.

You may remember that last month I announced the important news that from 1st November 2005, Rayleigh Instruments Ltd were to become sole UK distributor for Elko EP products.

I am delighted to report that we have already received significant interest for this product range, along with a healthy level of orders.

This month, I would like to introduce our customers to some peripheral products from our range which I believe will be of interest to you.

Yours sincerely  
Gary Brookes  
Managing Director

**PRODUCT FOCUS**

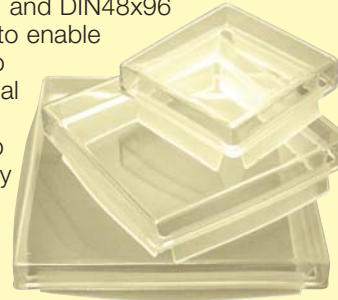

**A DIN96 VIEWING WINDOW**

Designed to clip in to the front of a panel to provide viewing access.

**B IP65 FLEXIBLE COVERS**

A range of DIN sized flexible covers suitable for DIN48, DIN72, DIN96, DIN144, and DIN48x96 instruments. Designed to enable standard instruments to be used in environmental conditions requiring ingress protection of up to IP65, providing a very cost effective solution.

**C SELECTOR SWITCHES**

A range of ammeter and voltmeter selector switches. Designed to provide a cost effective switching solution used in conjunction with standard AC instrumentation.
